

**TOWN OF ACTON
HISTORIC DISTRICT COMMISSION**
472 Main Street, Acton, MA 01720

Certificate # 0738

CERTIFICATE

Pursuant to Chapter 40C of the General Laws of Massachusetts and the Historic Districts Bylaw of the Town of Acton, the Acton Historic District Commission hereby issues a

CERTIFICATE OF APPROPRIATENESS

for the work described below.

Applicant (or owner) Nina Overall Telephone 508-254-8540

Address 487 Main Street, Acton 01720

Location of Work 487 Main Street District: Center X West
No. Street South

Description of Proposed work:

Changes to barn façade: add new crowns above windows and door transom and crown moldings at rakes and fascias as shown in submitted drawings; add wood louvered vent in gable peak. Added to application: Replace board-and-batten siding in kind; rebuild main barn door with no change in design or materials.

Conditions, requirements, recommendations:

NONE

The work outlined above must conform in all particulars to the submittals and conditions approved on November 5, 2007. The applicant may proceed with the proposed work provided all other approvals have been obtained, including a Building Permit or Sign License where required. This Certificate is valid for work commenced within one year of the date of issuance. An extension of the Certificate will be granted at the discretion of the Commission. If a property changes ownership during the time the Certificate is in force, a new owner who wishes to continue the authorized work must apply to have a new Certificate issued in his or her own name.

Application or request received 11/17/07 Date of Public Hearing N/A

Certificate approved by [Signature] Date 11/13/07
for Historic District Commission

TOWN OF ACTON
HISTORIC DISTRICT COMMISSION
472 Main Street Acton, MA 01720

November 13, 2007

Nina Overall
487 Main Street
Acton, MA 01720

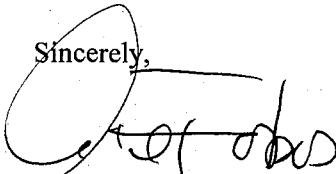

Dear Nina:

Enclosed is a copy of the Certificate of Appropriateness for the work you have proposed for the barn at 487 Main Street. The application and the added information and submittals were approved by the commission at its meeting on November 5, 2007.

In approving the proposal, the commission members found that the work would be compatible with the character of the property and the Acton Center Historic District, and that two items – the replacement of the siding and the rebuilt door – would be outside the commission's jurisdiction under Section 9.2.1 of the Historic District Bylaw.

Good luck with the work. Please let us know if you have any questions.

Sincerely,

Anne Forbes

Cc: Garry Rhodes, Building Commissioner
Town Manager/BoS

good morning, and I am sorry again that I couldn't make last night's meeting.

attaching:

- roofing application 2001 (2 pgs)
- current barn facade changes application (signed)
- photos x 2 of barn facade (from last night)

please let me know if there is anything else you need.

my understanding is that you will make a final decision week nov 5, pending response from neighbors.

I will need to come in again for:

- barn door
- roofing/copper gutters @ front of house

thank you again and best regards

Subject: never a dull moment - couple more projects in the hopper

good morning to you

the barn is almost done, and will be complete by end next week

next up:

1 - finishing roof shingles on remaining 2 sections of front house (front and rear portions) **assuming I don't need additional paperwork from you on this as have already done 80% of house (already have bldg permit), but let me know if I need anything else

2 - putting up copper gutter and copper downspouts @ main street face of the house w scuppers will be submitting application shortly

**what would the next avail meeting date for this be?

thank you...

The HDC liked the direction things were going in with your carriage house; there were a few suggestions for information that you might submit with your application, but it certainly looks like you are about ready to apply for a certificate. Our next meeting is 12/6, and we have tentatively reserved an 8 p.m. appointment for you. **very good**

Additional items that would be helpful: photos of the existing doors and maybe the window trim you would like to match; manufacturer's cut sheets if they exist for the doors (although as I recall you said they were to be custom-built). Questions as of now include: will you be changing the door opening? If so, overall dimensions of the doors, as well as any new trim to surround it, would be helpful. We may have some questions on the size of the transom lights, also. If there's a manufacturer's sheet on the lantern that would be good to include, although the photo is pretty clear as of now. In general, the more complete info. you can supply, the better. **will get you all above as requested. as you say, the lantern photo is frm the manuf page, but w my snipping..so have just called for full page to patti bros in sudbury.can I run everything by you before the meeting, make sure it's complete?**
thanks, anne

yes, the rake board and also now thinking not to paint door, but do rough hewn to match exterior planks
will do drawing of barn facade and drop sample of wood in time for the 10/15. let me know if you need
builder to come to meeting - I am in class/boston 6-10pm (2 more years - yeah!)

It sounds like the only application you need right now is for the rake board at the front of the barn.

Subject: RE: the barn facade & cupola drawings

ok - here's bottom line:

cupola: not going to change cupola at all (keeping cedar shake roof)

barn,: existing rake board on gable end at front of barn is flat stock and I want to replace it w same size
crown molding...that's it for changes. rest is restored, stays same.

front of barn door: undecided for now

let me know if I need to prepare anything for you to see.

Subject: RE: the barn facade & cupola drawings

the changes are not dramatic, drawings will include:

barn facade: essentially, cleaning up the barn door (it's a total mess) and adding some trim around door & windows to match carriage house doors, adding louver

I intend to reface the entire barn, will be 'in kind'. stock already on hold at parley lumber.

cupola: already have restoration approval, but want to add copper roof - the sketches will show this

maybe I can get you the drawings to review and let me know if I need to come in? class is monday nights this semester 6-10, but builder could come in as necessary. I can drop drawings to anne in next week - let me know your thoughts.

Subject: HDC meeting mon 10/15

- cupola: repair to existing

changes:

- barn facade:

- rakeboards will be chnged from flat stock to crown molding (matching carriage house)
- window pediment & copper caps will be added to exisitng windows
- barn door entrance trim: add pediment above transom & copper cap

above will be drawn and presented at meeting -

- barn door face: will be same stock as siding, detail tbd, will need to come in again for this

I am in school monday 6-10pm, but my builder tracy higgins who has been in will come w his drawings. let me know if this is ok, and what timeslot works best for you. (sorry about the late notice)

thank you..
